

Limbo user stories

Team members: Nam Hoang, Tawan Scott, Joe Kariuki

Id	As a/an	I want to...	so that...
1	Owner	Know if someone found my stuff	I can recover my stuff at its location.
2	Owner	Report my lost stuff	If someone finds it they will know that I'm want to recover it.
3	Owner	Include descriptive information about my stuff such as make, model, color, etc.	People will have more information about my lost item which will assist the finder in identifying my item easier.
5	Owner	Include more descriptive information about the item I lost	If someone finds my stuff they will better know if it is the one I've lost.
6	Owner	Attach a photograph of the lost item	If someone finds it they will have a better idea what the item looks like.
7	Owner	Leave contact information like my phone and email address	If someone finds my lost item, they can contact me
8	Owner	Know the status of my stuff	Recover my stuff when it is has been found.
9	Owner / Finder	NOT have to create a login or register with a system	I don't have to remember username / password
10	Owner	Update the status of my stuff.	Someone who finds an item like mine with know that it is not mine.
11	Owner/ Finder	Report found stuff	If someone is looking for it they will know where it is.
12	Admin	Login securely first and foremost	I can do privileged tasks.
13	Admin	Get a report on the L&F inventory	I can better manage the list of current lost and found items

14	Admin	Purge items in the system	Do periodic housekeeping
15	Admin	Create other admin users	Administer access to the system
16	Admin	Modify my password and other account info	I can better secure my account and be able to recover my account
17	Admin	Delete admin users	Users who are no longer with the organization won't have administrative access.
18	Admin	Have a two-tier admin system	Some there are regular admin users and admin super users who can create and modify other admin users.
19	Owner	Input some validating info about myself	When I recover the item, the L&F manager can positively identify me.
20	Owner	Include circumstantial information (how, when and where) about my lost item	I can provide accurate information on how I lost my item
21	Owner	Provide an optional reward	I can incentivize people to find my stuff
22	Owner / Finder	Be able to view a list of all lost or found items and filter the list according to location and time	I can better navigate through the lost or found items
23	Owner	Be able to bump my item to the top of the list of lost items after a period of time	I can remind people that my item has not been found
24	Admin	Be able to highlight a lost item as high priority case	I can bring more awareness to the lost item in the case where the owner really needs the item found
25	Owner / Finder	Be able to contact the admin	I can speak directly to the admin about my lost or found item.
